

THE NEW WAY.

WOMEN used to think "female diseases" could only be treated after "local examinations" by physicians. Dreads of such treatment kept thousands of modest women silent about their suffering. The introduction of Wine of Cardui has now demonstrated that nine-tenths of all the cases of menstrual disorders do not require a physician's attention at all. The simple, pure

McElree's Wine of Cardui

taken in the privacy of a woman's own home insures quick relief and speedy cure. Women need not hesitate now. Wine of Cardui requires no humiliating examinations for its adoption. It cures any disease that comes under the head of "female troubles," disordered menses, falling of the womb, "whites," change of life. It makes women beautiful by making them well. It keeps them young by keeping them healthy. \$1.00 at the drug store.

For advice in cases requiring special directions, address giving symptoms to the "Ladies' Advice Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

W. L. ADDISON, M.D., Cary, Miss., says: "I use Wine of Cardui extensively in my practice and find it most excellent preparation for female troubles."

It is true that others imitate the methods employed in advertising Beggs' German salve, others claim to heal and to cure disease because Beggs' German salve, the one true ointment, has been so wonderfully successful. But in thousands and thousands of cases, as shown by grateful testimonials, Beggs' German salve actually and permanently cures when other medicines fail to do any good whatever.

The Sisters of Saint Francis, Clinton, Iowa, write under the date of January 21, 1898: About six months ago a very revered clergyman recommended Regan's Rheumatism Remedy to us as one of our sisters was a severe sufferer from rheumatism. After she had used one bottle she was entirely cured. For sale by P. Shanahan, 51 per bottle.

W. C. Wright's bay horse was stolen from his barn Thursday. The barn was shut after the horse was taken out.

Better than Klondike returns. Mr. Floyd E. Wolf, Shippensburg, Chambers County, Pa., writes under date of August 9th, 1898: After taking one and a half bottles of Regan's Rheumatism Remedy, I am a well man; I doctored with five of the best doctors in this county, and was in the Pennsylvania Hospital, at Harrisburg for six months, and got relief, but was taken with rheumatism on my return home. For sale by P. Shanahan, \$1 per bottle.

Beggs' German Salve is an invaluable remedy for cuts, burns, bruises, scalds, chapped hands, sore nipples, sore lips, eczema, ulcers, chronic skin eruptions, fever sores and all skin diseases.

Quitting the Business. E. L. Halls, whose ranch is on Caney, is disposing of all his cattle and will give up the cattle business. One of the main reasons which have prompted this action is that too many cattle are stolen to make the industry profitable.

A Hustler. A. J. Blackwell, a man who can't be kept down, is in the city Friday. He went out to the Strip opening and was, practically, the only Cherokee citizen who made anything out of the seventy-two allotments reserved. He promises to work wonders on the hills southwest of Chelsea one of these days.

Both Arms Broken. Miss Eva, daughter of Mr. and Mrs. W. A. Henry, of Pryor Creek, had the misfortune to fall from the second floor gallery of the city hotel of that place Wednesday, fracturing if not entirely breaking both arms, beside other bruises. Drs. Tilly and Bristow were called in to dress the injuries and set the broken and dislocated bones.

Beggs' German Salve is used in every house, writes one man from a country town. Entire neighborhoods use it for piles, cuts, burns, bruises and all skin diseases. The fame of its cures necessarily spread from town to town; friends tell friends what Beggs' German salve has done, and the whole people acknowledge its merit, its healing power of allaying pain.

Buckhalter and Miss Myers.

New Town of Preston. Jim Tittle came in Friday morning from the new townsite of Preston, twenty miles northwest of this city, on the Coffeyville road. Two hundred and forty acres have been platted and laid out regularly into streets and alleys. The sale of lots began Monday and deeds will be issued to citizens of the Cherokee nation from Jas. M. Tittle the president of the townsite company. This townsite is near the center of what will probably be a county according to the government survey.

Beats the Klondike. Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from Consumption, accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottles free at A. W. Foreman's Drug Store. Regular size 50 cents and \$1.00. Guaranteed to cure or price refunded.

Deafness Cannot be Cured by local application as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

F. J. CHENEY & Co., Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best.

Assassination Attempted. Pies, Thompson and Paden Tolbert went out to Claremore Thursday and returned Friday with Dick Carr, and Clarence Ogan, Gibson Ogan and Clinton Ogan, charged with killing cattle and shooting at a man. They were arrested on Caney above the Town Galetcher place. They were brought to Vinita to be placed in jail for safe keeping till next Tuesday when they will be taken back to Claremore for a preliminary hearing before Commissioner Yancy. On Wednesday night about 9 o'clock John Bullitt's ranchman, Clint Adams, went out to see about the cattle and while riding through the pasture was fired upon from ambush; eight shots were fired at him. One bullet went through his leg, another struck his saddle and a third his horse in the leg. Adams returned the fire but without effect.

Trouble at a Colored Dances. Tom Adair was shot in the mouth by Sylvester Chillis Friday night while a dance was in progress at Hicks' hall on the east side. The trouble, we understand, arose over the smiles of a dusky damsel. Adair was shot through the ear and mouth and it is said caught the bullet in his hand. Sylvester was promptly arrested and placed in the holdover to await results and an investigation by the commissioners court. The wounded man is not seriously hurt, and the presence of mind displayed in catching the leaden missile is commendable, and might be the means of proof that he had really been shot.

Smart Aleck's Trick. A man held here as a witness in the United States court pretends to be something of a peripatetic "Jack of all trades." He removed the knob from the door of a barber shop, and next morning bright and early he "happened round," and noticing the missing knob, told the barber he himself was a general "tinker" and could fix it for him, especially as he knew where there was an extra knob. The barber caught on at once, and charged him with taking the knob off the day before, on purpose to get the job of fixing it. The fellow did not deny the accusation, and neither did he "fix" the door for the barber.

Free Pills. Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of Constipation and Sick Headache. For Malaria and Liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to the stomach and bowels greatly invigorate the system. Regular size 25c. per box. Sold by A. W. Foreman Druggist.

The Delaware Scheme. The Delawares under the leadership of Dick Adams count upon winning their suit against the Cherokees and getting the 157,600 acres of land set aside without doubt. The Delawares have abandoned the Fort Gibson scheme and are now figuring on having the land set off to them in the northwest portion of the Cherokee nation. The sentiment in favor of going to Mexico is being carefully nursed by a few intelligent Delawares who probably expect to buy out those foolish enough to sell. This is an auspicious time for schemes and schemers.

Cattle Business. Dr. E. B. Frayer returned Saturday morning from St. Louis where he sold a car of the "tailings" of his herd, averaging 600 pounds, at \$3.00. He has in this nation only about 800 cattle left, 200 of which are stockers. He has shipped 500 head this year—enough to leave him "on easy street"—and has 2900 left. The doctor takes somewhat of a pessimistic view of the cattle business, reasoning that the banks have too large an interest in too many herds and in case of small losses will begin to close out their customers.

Petit Larceny. Some parties have been making themselves very disagreeable to the residents of the Grove Point school or Ballou neighborhood. Sunday night of last week they stole some chickens and a quantity of syrup and going to the school house made candy, musing up the house, and cooked the chickens. By the time the judge or the commissioner gets a "whack" at the perpetrators of this mischief they will have no taste for chickens and candy for some time. There has been a great many petty thefts committed in the same section, of late.

The Town Trade. A few years ago the merchants of Vinita depended to a very large extent upon the trade from outside the town limits. The trade of the town was no considerable portion of the business that came to Vinita. Things have changed. Three thousand or upwards of people in Vinita are to be fed and clothed, and the grocery business especially of the town, far exceeds that from the country.

Did Not Appeal. The John H. Tanner larceny case in which Tanner was convicted and sentenced to five years in the penitentiary at Ft. Leavenworth, was not appealed. According to a ruling of the court of appeals bond is not allowed after conviction on appeal. So Tanner preferred to go at once to the penitentiary and commence serving out his sentence to lying in jail waiting for action on the appeal.

The crowds around the court house are growing very much smaller, as the docket is being cleared as fast as the days go by. A great many people have attended the present term of court in Vinita. People from all over the Indian Territory and from the states have been in attendance here, and a great number of them have been compelled to remain from week to week. The bulk of the criminal business for this term is finished, and a large share of it has gone over till the next term.

In the "Rules and Regulations" recently issued from the interior department at Washington it is noticeable that these same rules are not in accordance with any act of congress. When did congress pass a law restricting Cherokees to the occupancy of only 80 acres of land?—their own individual land at that. The Cherokees will have to be "shown" before they accept the *ipse dixit* of even the interior department, unless it comports with the law.

Hon. Roy Mcintosh was in town a day or so since. He is fighting the Creek treaty "to a standstill." He says it will be voted down without a doubt next Tuesday, and the Creeks will then proceed to make a better treaty. The chief is about the most influential fullblood Indian in the Creek nation and if he is mistaken as to the result all admit he is not mistaken by a very large majority.—Indian Journal.

The Northern district will be divided this winter and Vinita will then be the principal court town in the Northern division. In fact it will be about the only court in said district save a few commissioners courts. It is plain now that congress erred in establishing so many places of holding court in the territory. It has increased the expense without a corresponding increase of judicial facilities.

The Frisco people are arranging to build a \$20,000 hospital at Springfield for the use of employees of the road. The site is to be donated by the city of Springfield. L. F. Parker, Sr., was in Springfield yesterday selecting the site.

Muskogee has been struggling with a \$25,000 breach of promise suit all week in the federal court. Miss Rose Pryor a young woman of 20 years and a wealthy cattle man named Sam T. Davis, are the principals.

Burglars entered the Frisco depot at Fort Smith Tuesday night and blew open the safe and robbed it of about \$1500 in checks and cash.
